REFEREED PAPERS

General Information

- **Description:** Refereed Research Papers are those that feature empirical work and may be either Quantitative or Qualitative research.
- **Blind-Review Process:** The review of the submitted paper will be conducted through a blind-review process.
- **Online Symposium Proceedings:** The abstracts and full papers will be featured in the online Symposium Proceedings, which are housed on the WACE website. Should an author wish not to have his/her full paper featured due to a publishing conflict with a journal to which he/she will subsequently submit the paper, the author should notify the WACE Secretariat (and then only the abstract will be published in the WACE online Symposium Proceedings). The online Symposium Proceedings will contain an assigned ISSN.
- **Presentation:** Presentations will be scheduled in a 35 minute time slot, with indicatively 25 minutes of presentation and 10 minutes of discussion.

Submission Guidelines

- **Submission Criteria:** If the abstract is accepted, **a full paper must be submitted no later than February 15, 2016** for the blind-review process, in which the paper will be critiqued by a team of international reviewers who will submit completed evaluation forms, which may contain recommendations for improvement (to be conveyed to author(s)), to the WACE Secretariat.
- **Full Refereed Paper Requirements:**
 - minimum of six 400 word double-spaced pages and not exceeding twelve 400 word double-spaced pages, not including the cover page, notes, or bibliography.
 - APA format.
 - do not include your name or credentials for this *blind* review process; only final paper submissions for inclusion in the online conference proceedings (after edits are made based on reviewers' feedback) should contain the authors' names & credentials (as there will be no further blind review). If no additional versions of the paper are submitted (because the paper was accepted outright with no edits needed), the WACE Secretariat will insert the author's / authors' name(s) onto the paper for the online conference proceedings.
 - please see the WACE Refereed Paper Guidelines document available on the International Research Symposium webpage for detailed instructions.
- **Please Note:**
 - Papers must be emailed in **Microsoft Word ONLY**. Any faxed, PDF or mailed-in papers will not be considered.
 - The acceptance of a paper after the refereeing process does not guarantee that it will be published by a journal. Publication will be at the discretion of the journal of your choosing.

ACADEMIC POSTERS

General Information

- **Description:** All Academic Posters should focus on the International Research Group Theme and will present a variety of contributions on different topics, from different countries, and using different theoretical perspectives and methodologies. There will be a designated Academic Poster Session during the International Research Symposium, which all delegates will attend.
- **Online Symposium Proceedings:** The abstracts will be featured in the online Symposium Proceedings, which are housed on the WACE website. The online Symposium Proceedings will contain an assigned ISSN.
- **Presentation:** Academic Poster Presentations will be scheduled in a one hour time slot, for attendance by all International Research Symposium delegates.

Submission Guidelines

- **Submission Criteria:** Each submission must include the following:
 - **Title, authors and affiliations** (only the first author will be contacted. He/she is responsible for contacting other authors regarding acceptance of the submission).
 - a *maximum 250 word abstract* detailing the study, the methodology, and the results.
- **Academic Poster Requirements:**
 - Upon acceptance, the academic poster should be scientific and contain the following sections: Title, Author(s) and affiliation(s), Abstract, Introduction with Rationale, Methods, Results, Discussion, Implications, and References.
 - The dimensions should be 122 cm (48") wide X 91 cm (36") high.
 - Font size should be 70-100 for the title, 48-60 for headings, and 34-36 for all text, figures, and tables.
 - The presenter(s) should bring paper copies and business cards for distribution.
 - No projector is available in the Academic Poster room.
